**Cleaning**

**Solid Surface:** Clean with a mild detergent and soft cloth or non-scratch scourer. For more stubborn marks a diluted very mild abrasive cleaner can be used with soft cloth or non-scratch scourer over the entire surface for a consistent finish. Finish by thoroughly cleaning off detergents with a soft wet cloth and towel dry. Additional information is supplied with each product.

**Softskin:** Softskin is a layered finish that is applied to solid surface products. Clean with warm soapy water, or a non-abrasive, non-acidic liquid cleaner and a soft cloth. Do not use non-scratch scourer on Softskin surface. Finish by cleaning off detergents with a soft wet cloth and towel dry. Do not use harsh materials such as scourers, abrasive detergents or solvents, as the surface may scratch or graze.
